THIS PERMIT IS GRANTED SUBJECT TO THE FOLLOWING CONDITIONS:

- 1) That the person supervising the display will fulfill all requirements of the Town of Newmarket and/or Aurora Bi-Laws and that the person granted this Permit has certified to have read, understood and will be guided by all the applicable rules and regulations made under the Canada Explosives Act and the specific instruction of the fireworks manufacturers for all intended purposes of the fireworks display under application.
- 2) The fireworks display shall be held only at the place and on the dates specified on the permit.
- 3) The persons present at fireworks displays other than those engaged in the conducting or supervising thereof shall not be permitted inside the danger zone as indicated on the drawings submitted with the application for permit.
- 4) Display fireworks must be stored in compliance with the Canada Explosives Act.
- 5) Display fireworks must be concluded by 23:00 hours (11:00 p.m.) on the permitted day.
- 6) Only fireworks authorized by the regulations under the Canada Explosives Act may be purchased and used.
- 7) A total of _____ fire extinguishers, each having a 4A-60BC rating, must be provided for the firing zone as indicated on the location map attached to the application.
- 8) The fireworks supervisor shall ensure that all unfired fireworks and debris is cleaned up, and disposed of, after the fireworks display in accordance with Section 7 of the Fireworks Manual issued by the Explosives Branch, Natural Resources Canada.
- 9) This Permit shall be made available on-site for inspection by any Town of Newmarket and/or Aurora By-Law Enforcement Officer, Fire Department Personnel or York Regional Police.
